And as a very unique extra, special tasting events invite visitors to venture even deeper into the culinary world and discover new and perhaps previously undiscovered tastes.

The program offers an interactive and educational experience for the audience. It covers a variety of topics, including innovative cooking techniques, creative baking, preparing simple dishes and the production of products. Exclusive tasting events will take place in a cozy setting directly at the trade fair location throughout the fair. At the various tasting events, visitors can take part in a wide variety of tastings - from the art of professional tea tasting to wine, beer and spirits tastings, where they can learn all about the preparation and production of different types of drinks.
